## Government funding opportunities!

### Funding opportunities increased for new and existing workers for a range of NDA qualifications

Government funding has recently been introduced for a number of Certificate IV and Diploma level qualifications, which covers most of the cost!

These qualifications offer considerable flexibility by allowing participants the choice of being assessed via:

- NDA training courses
- Workplace assessment
- Distance/online
- Or a combination of these delivery methods!

### We are now seeking expressions of interest for the following qualifications

BSB40215 Certificate IV in Business

BSB40515 Certificate IV in Business Administration

BSB41515 Certificate IV in Project Management

BSB51415 Diploma of Project Management

BSB51915 Diploma of Leadership and Management

These qualifications attract substantial government contributions towards the total cost, however **we need your expression of interest to apply for this funding.**
