
Maintaining Financial Records

National Competency Standard (BSB07)
BSBFIA301A Maintain financial records

Aim

This course is designed to provide a good understanding of day-to-day financial record keeping for accounting purposes, as well as the practical skills associated with recording and maintaining financial data.

Audience

This course is aimed at administration staff or trainees who wish to gain an understanding, as well as practical skills, in maintaining daily financial records for accounting purposes. It is also aimed at staff required to enter financial data into electronic systems, to ensure efficient, effective and accurate data entry.

Duration

One day.

Course Outcomes

1. Record and balance petty cash transactions.
2. Reconcile invoices for payment to creditors.
3. Prepare invoices for debtors.
4. Prepare and process banking documents.
5. Enter cash transactions into cash journals.
6. Prepare bank reconciliations.
7. Enter credit transactions into journals.
8. Maintain creditors and debtors systems.

Optional Assessment

This is a nationally recognised training program. Participants who successfully complete the optional assessment component of this course will receive a Statement of Attainment for the unit of competency outlined above (additional fee applies). Participants who choose not to be assessed will receive a Certificate of Attendance. The case study assignment is completed in the participant's own time.
