The final section of each unit is an activity. If you choose to complete this form of assessment, all activities should be completed and returned to your assessor.</p> <p>Questions and answers</p> <p>If you choose to complete this form of assessment all questions and answers should be completed and returned to your assessor.</p> <p>Project or workplace evidence</p> <p>The projects are designed for the unit of competency. These are generic projects and may not correlate to the learner's industry. Alternatively, appropriate workplace evidence can be provided for assessment. Workplace evidence must be relevant to the unit of competency requirements.</p> <p>Supervisor/assessor/third party report</p> <p>This report allows the learner's supervisor to comment on the skills they have observed the learner demonstrate. These observable skills should align to the requirements of the unit of competency. If the learner doesn't have a supervisor then the assessor or a third party can perform this task.</p> <p>RPL portfolio</p> <p>Learners can submit a portfolio of recognition of prior learning (RPL) evidence to the assessor for assessment relevant to the unit of competency. NDA's RPL policy - <a href="http://www.nda.com.au/traineeships/overview.asp">http://www.nda.com.au/traineeships/overview.asp</a>.</p> <p>NDA training course</p> <p>NDA offers training courses that align to some units of competency. These are listed in the training course column of the core and elective units in the above table. Assessment activities completed during these training courses can lead to competency in the aligned unit. During the induction learners will discuss with their assessor which training courses they will attend, ensuring the courses are relevant to their work.</p> <p>NDA assessment tools are mapped against the elements and performance criteria to confirm that the learner can show competency in each unit for the qualification. Critical aspects for assessment are included in the mapping process to ensure that all the essential skills are demonstrated.</p> <p>NDA encourages learners to submit evidence gathered prior to each assessment visit to their assessor. This allows the NDA assessor to identify any gaps in evidence and supply additional evidence, if required.</p>

Statement / Certificates	<p>NDA is responsible for the quality of the training and assessment in compliance with ASQA standards and for the issuance of the AQF certification documentation. A Statement of Attainment is issued when a unit of competency (i.e. individual unit) is successfully completed. A Certificate of Completion is issued when a qualification is successfully completed. NDA's scope of registration allows the issuance of AQF certification documentation.</p>
